Hello Bill

I have already talked with mark regarding these issue, As you know we are not  
ADC Teledada employees any more.  
We will be happy to assist you during the Patent registration process, But We  
think it is appropriate to receive the rewards that other patents inventors  
already has received. and any other future rewards.

Sincerely,  
Amir Cohen

Dear Amir and Mark,

I understand your position regarding the patent awards. However, ADC policy is that no awards will be given to anyone who is not an employee of ADC. We have no flexibility in this regard. However, under both of your contracts with Teledata, you are required to complete the patent applications and sign the necessary forms to complete the patent filings. We, therefore, request that you review the attached documents, make any modifications you feel are necessary, and return the corrected draft to me within 10 days. After completion of the final draft, I will forward the necessary papers for you to sign.

Thank you for your anticipated cooperation in this regard.

Bill Weisel  
General Counsel

**EXHIBIT D**

Dear Amir and Mark,

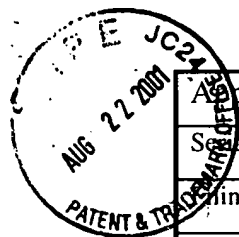

Many weeks have passed since I sent you the draft patent application that you proposed during your employment at ADC Teledata. Based on your email response after receiving the draft, and based on your lack of response since that time, we must assume that you will not cooperate in the preparation of the patent application.

Our intention at this point is to file the application without your signatures even though you both will be listed as the inventors on the patent. If granted, the patent will be in the public record and will represent your ideas and work to your peers and to your professional community. I want to give you a final opportunity to review the patent and make any comments that you feel are appropriate in order to ensure you are presenting your invention in the best manner possible.

Kindly let me know how you wish for us to proceed in this regard.

Sincerely,

Bill Weisel
